Dear KOFC Isabella Council # 15.

Peace, joyful living, good health and more blessings be with you all! May the love and guidance of Our Lord holds your relationship as a group be forever.

I'm doing well with my family. My studies were fine though there are subjects I find it so hard but I did all my best to cope up with it and I'm thankful that the SJFCA'S scholars help us in giving advance lessons during summer vacation which will be on April and May.

I enjoyed our school party. I dance with my classmates we played parlor games and have fun eating delicious foods.

SJFCA'S christmas party was great! The tribal dance presented by my CO-members were really amazing. They used recycled materials for props and costumes. The mini concert done by the guest and scholars let everybody dance. There's a lot of prizes and gifts and we received delicious foods. Despite of sudden rain the whole event was so exciting!

I had a nice shirt for christmas, a useable pillow with plastic organizer for my birthday and my christmas groceries help us to have delicious foods on christmas one prepared by my father and step-mother.

Me and my cousins went to circle of fun parks we played. On New-Years day we around and we a bicycle. We have so fun and we eat the foods we brought. It was a joyful and memorable moment.
